

# ***BULLYING IS NOT GOOD***

*There are three types of bullying, cyber bullying, physical bullying, and verbal bullying.*

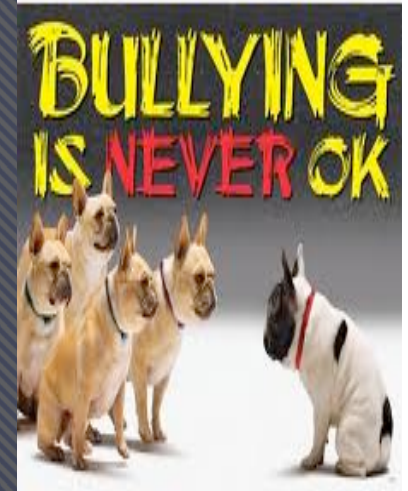

- *Physical bullying is when you hit someone, kick, scratch and punch.*
- *Verbal bullying is when you say bad words or say hurtful things about someone.*
- *Cyber bullying is when are you're on the computer or phone and they send words that hurt and threaten someone.*

## **STATISTICS:**

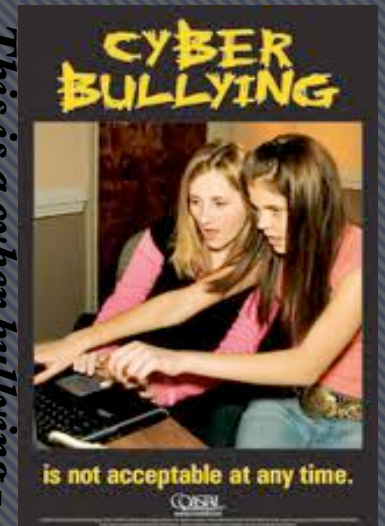

- *160,000 students miss school each day because they fear being bullied.*
- *Some cases of bullying have caused kids to commit suicide.*
- *60% of boys identified as bullies HAD A CRIMINAL conviction by the age of twenty.*
- *40% had three or more convictions.*

*Verbal bullying is when you talk or say bad things.*

*This is a cyber bullying = cyber bullying is when you text bad words*

By Jose Luis Gonzalez

***Bullying is:***

*Hazing  
Exclusion  
Intimidation  
Hitting and shoving  
Sexual harassment  
Teasing, name calling  
and MORE...*

*It's not right to be  
bullying anyone. They  
might skip school, have  
nightmares, be sad,  
and feel sick, and it's  
not right to judge how  
they look, feel, act, or  
for who they are.*

*Bullying can be at  
found at home like if a  
dad or mom hits,  
punches, hit with the  
belt, calls names, even  
slaps their child. Then  
that child may become a  
bully in school.*

*Bullying can happen  
when someone judges  
you because they  
"think" they know  
you.*

***Stop bullying***

***Warn the bully  
about  
consequences***

***Go report it***
